Manhattan Area Habitat for Humanity, in partnership with Heritage Builders, returns to Manhattan for the first time in almost a decade to build House #27. Please join us as we break ground and begin construction on February 25.

We will also "Rock the Block" in Manhattan to assist low-income residents with essential home repair, maintenance, weatherization, accessibility and safety of homes.

We believe that everyone deserves a decent place to live. We can't accomplish this without your support.

Won't you help us spread the word about MAHFH?

Please feel free to share this invitation on Social Media, tell your friends why you support Manhattan Area Habitat for Humanity, forward this email - and let everyone know Habitat's plans for Manhattan in 2017!
